

What's going on?

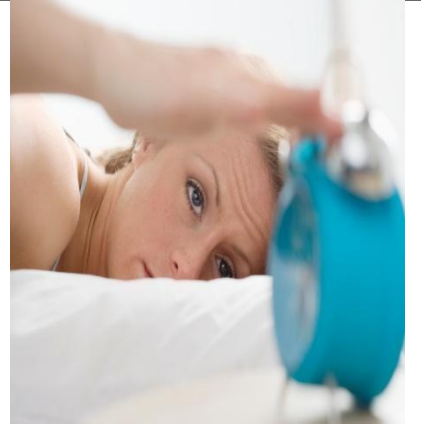

24 Inferencing Flashcards

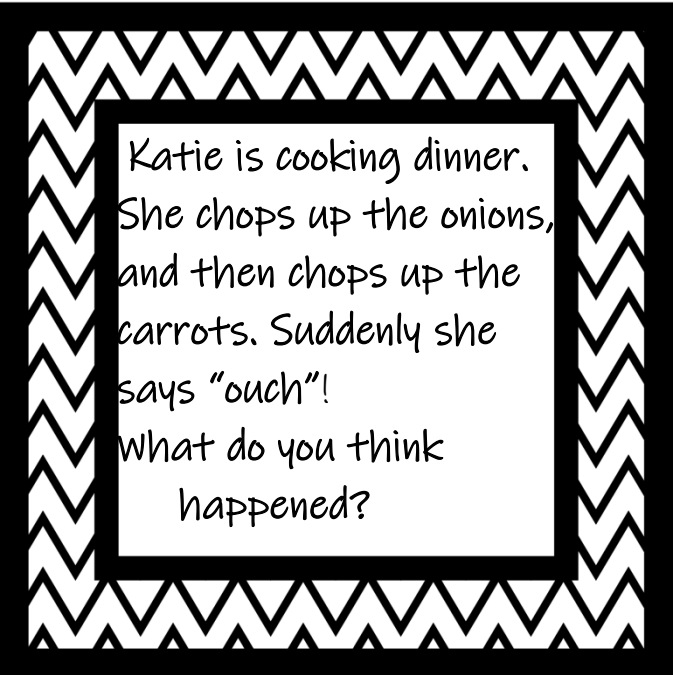

- 12 Picture cards
- 12 senario cards to use for predicting/inferencing

****These flashcards can be used to help with not only inferenceing
but also answering various "wh" questions as well.!**

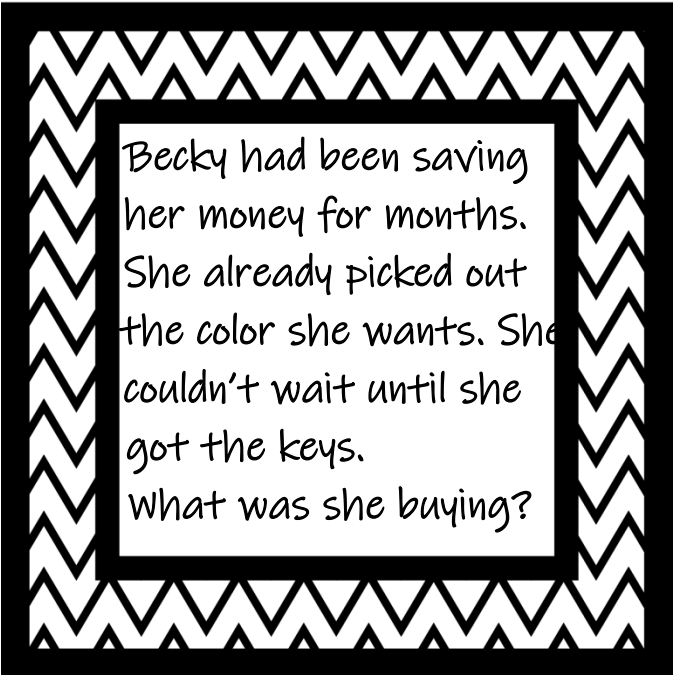

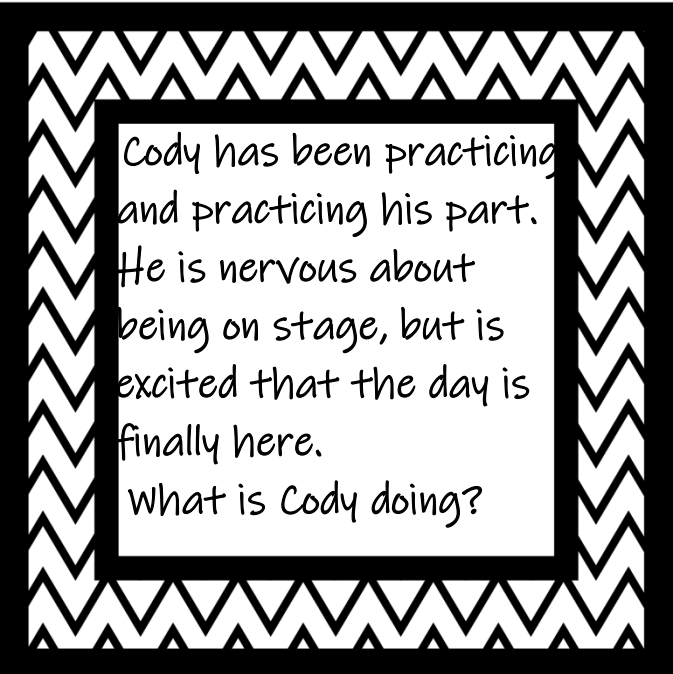

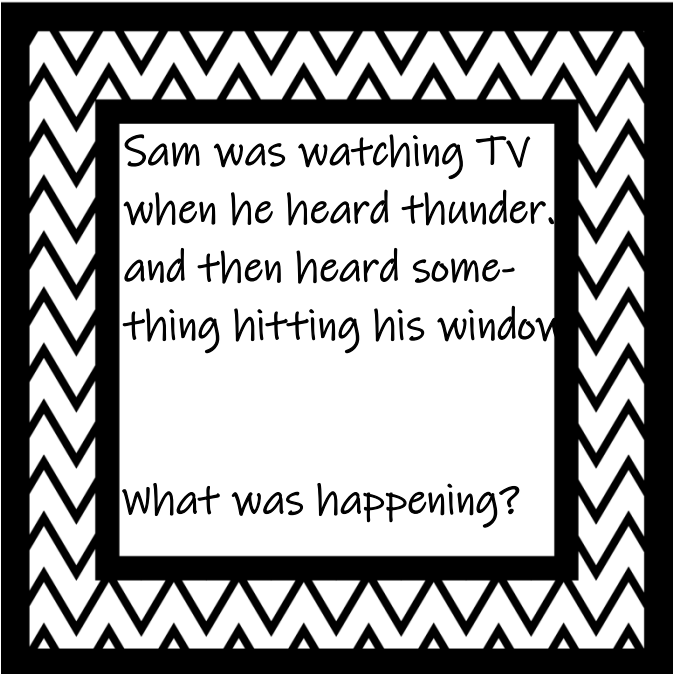

Katie is cooking dinner.
She chops up the onions,
and then chops up the
carrots. Suddenly she
says "ouch!"
What do you think
happened?

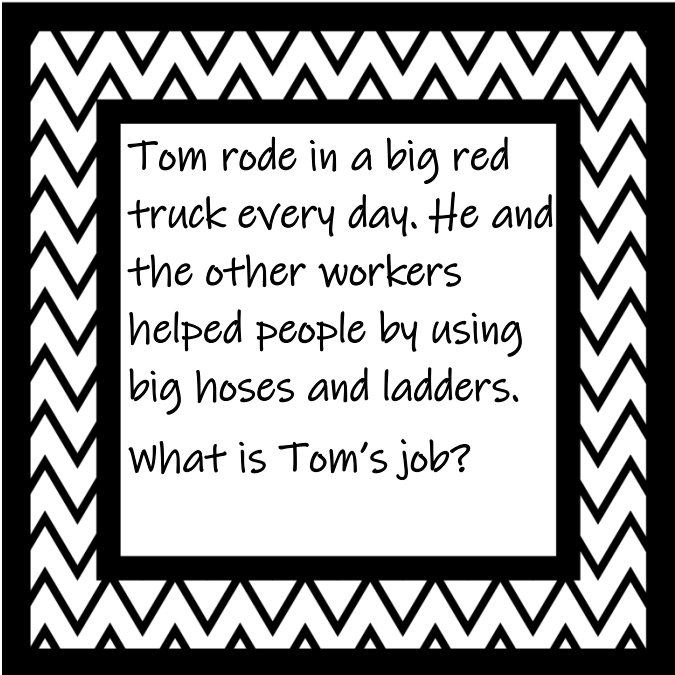

Becky had been saving
her money for months.
She already picked out
the color she wants. She
couldn't wait until she
got the keys.
What was she buying?

Cody has been practicing
and practicing his part.
He is nervous about
being on stage, but is
excited that the day is
finally here.
What is Cody doing?

Sam was watching TV
when he heard thunder,
and then heard some-
thing hitting his window.
What was happening?

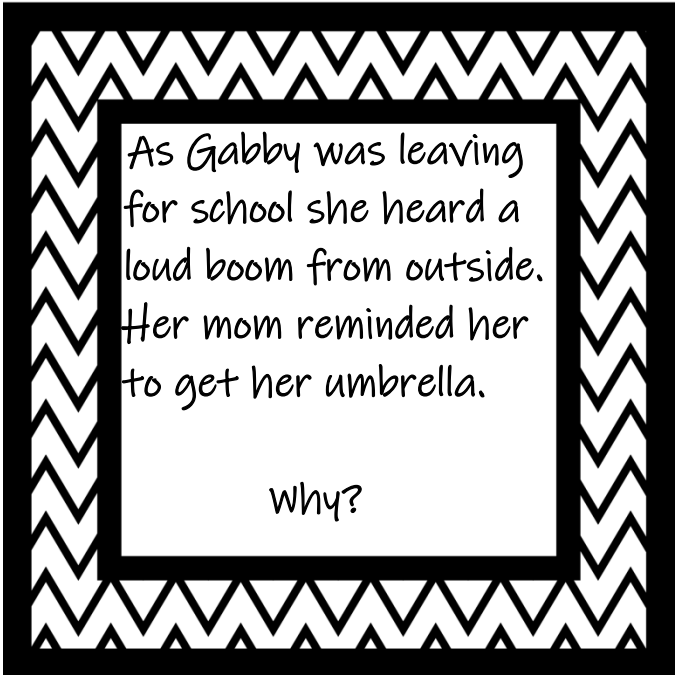

Tom rode in a big red truck every day. He and the other workers helped people by using big hoses and ladders. What is Tom's job?

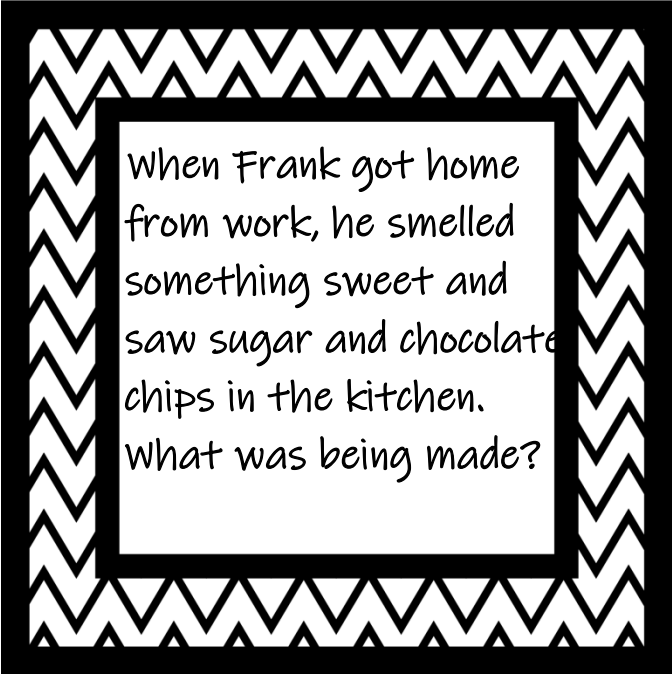

Jill has finally arrived! All around her is blue water, crashing waves and soft sand under her feet. She can't wait to relax!
Where is Jill?

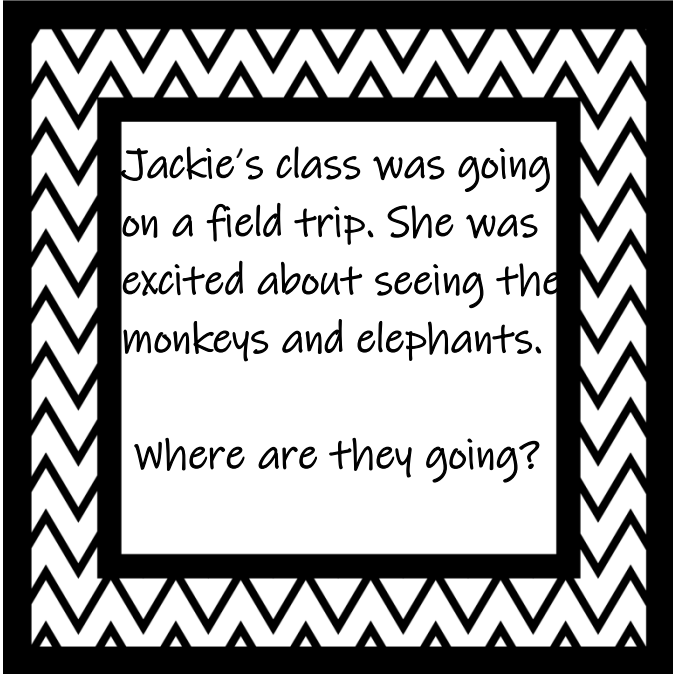

Sally and her mom went to the store to buy lots of soil, seeds, and a watering can. What are Sally and her mom going to do?

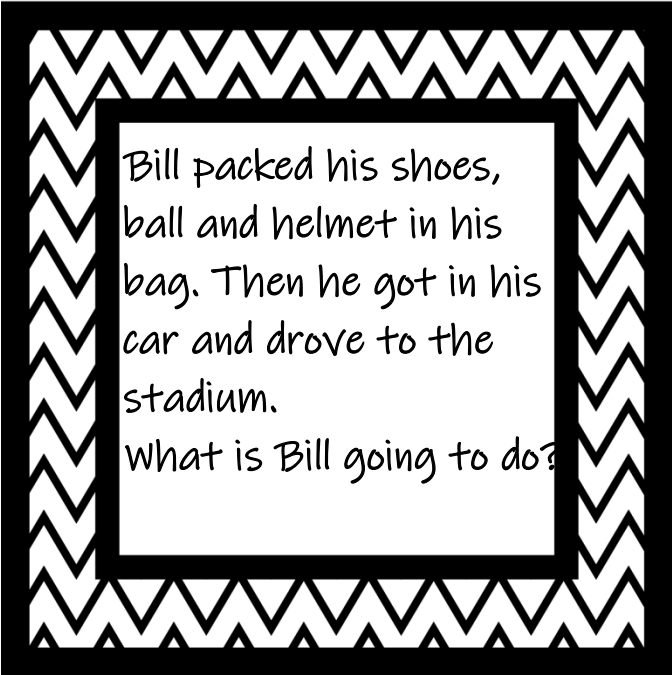

As Gabby was leaving for school she heard a loud boom from outside. Her mom reminded her to get her umbrella.
Why?

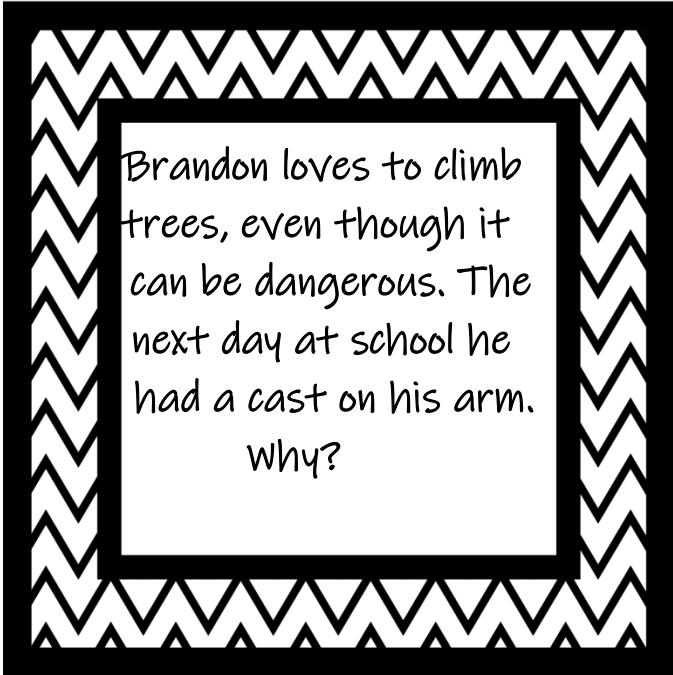

When Frank got home from work, he smelled something sweet and saw sugar and chocolate chips in the kitchen. What was being made?

Jackie's class was going on a field trip. She was excited about seeing the monkeys and elephants. Where are they going?

Bill packed his shoes, ball and helmet in his bag. Then he got in his car and drove to the stadium. What is Bill going to do?

Brandon loves to climb trees, even though it can be dangerous. The next day at school he had a cast on his arm. Why?
