April 2, 2020

CHROMEBOOK DISTRIBUTION TO PARENTS OF STUDENTS IN GRADES K-3

*Good Afternoon Parents of Students in Grades Kindergarten, one, two, and three:*

*This district is conducting a distribution of computers for students in grades K,1,2, and 3 who are in need of a device. The computer distribution will take place tomorrow, Friday, April 3<sup>rd</sup>, from 9:00 a.m. until 2:00 p.m. at Garfield High School. Parents should use the Outwater Lane entrance and will be directed by security from that point.*

*The district will be implementing strict security measures to protect the health and safety of parents as well as our employees. Parents must comply with all directives from the Garfield Police and security officers on site during the distribution process. Kindly bring your own pen to utilize when completing the necessary documents to sign out the computer.*

*It is very important that parents pick up a device if you have not done so already because future lessons will be available electronically and paper copies will no longer be printed for safety reasons.*

*Please make this a high priority as we are only distributing computers, tomorrow, April 3<sup>rd</sup>, from 9:00 a.m.-2:00 p.m. at Garfield High School.*

*Thank you for your hard work and efforts to promote remote learning for our students.  
Please stay well and healthy as we continue to meet the challenges of this terrible pandemic.*
