Special Activity

Independent

The class will use their dry erase boards to write their name and letters.

Special Activity

Independent

Using a variety of writing tools, such as magic markers, colored pencils, crayons etc. the children will practice writing their name and recognize the letters in their name.

Special Activity

Independent

The children will practice their cutting skills with child size scissors, beginning cutting out straight lines and then advancing to more detailed cutting of zigzags, and curves.

Special Activity

Independent

The children will use play doh from their classroom supplies and roll out snakes to create different letters of their name.

Special Activity

Independent

Using household items of cherrios or macaroni the children will string them on a piece of string. This will develop fine motor skills and strengthen their muscles in their hands to prepare them for writing.

Small Group

Live

Using their play doh from their classroom supply kit have the class make a replica of their body. Encourage them to have the body figure to stand up in a 3-D sculpture. They may add on household items of buttons, yarn, etc. to their play doh body. We will talk about different parts of the body. The teacher will talk about the parts of the human body. The children will discuss their body figures.

Small Group

Live

The class will learn about the human body, listening to story books and singing body songs. The children will trace their hands and feet using a choice of magic markers, crayons, colored pencils. Encourage them to add details of fingernails and toe nails. Have them count their feet and fingers in a counting activity.

Small Group

Live

The class will participate in a science experiment about the human body learning about our voice and vocal chords. Use your vocal chords with your children and sing songs together. With teacher and parent guidance, we will talk about the experiment and make predictions together

Small Group

Live

The children will learn about what things they can do for their body to keep it strong, healthy and in good shape. The children will learn about different parts of their body. They will draw a picture of their whole body and we will discuss the different body parts, of the head, arms, legs, etc.

Small Group

Live

We will talk about our body discussing ways to keep it in good shape, strong and healthy so it can grow. The class will learn about measurement in an activity where they will use scales for weighing different objects and use a tape measure for measuring different items. The parents will weigh their children on a bathroom scale and using a tape measure will measure how many inches their children are. We will discuss findings as a group.

Character Ed/Technology

Week 1: Lesson 1 Welcome Introduction to Listening, Creative Classroom Community Live

Objective: Children will be able to make friendly greetings, say their names, and demonstrate showing someone new around the classroom.

Activity Use puppets and interactive writing material.

Character Ed/Technology

Week 1: Lesson 2 Welcome Introduction to Listening, Creative Classroom Community Live

Objective: Children will be able to demonstrate the Listening Rules and a group.

Activity: Use puppets and Listening Rules

Character Ed/Technology

Week 1: Lesson 3 Welcome Introduction to Listening, Creative Classroom Community Live

Objective: Children will be able to say "Hello" in home language represented in the classroom.

Activity: Use puppets to say hello in home language.

Character Ed/Technology

Independent

The class will act out different feelings scenarios. They will talk about what makes them happy, scared, angry, excited etc. They will draw a picture of their feelings.
